

**AMENDMENTS TO THE SPECIFICATION:**

*Kindly replace the paragraph bridging pages 2 and 3, with the following amended paragraph:*

A disc saw blade according to the invention is described in greater detail in the following description, with reference to the attached schematic drawings. Figure 1 is a plan view that shows a sector of the disc saw blade with mounted chain, figure 2 is an enlarged view cut through to the centre of the disc groove that shows a straightened-out section A-A of the disc saw blade with the chain in a neutral position, and Figure 3 shows a view similar to Figure 2, but with the chain in a working position, Figure 4 is an additional enlarged view of components in Figure 3, Figure 5 shows a cross-section through the chain groove in the circumference part of the circular disk along the line B-B in Figure 3, Figure 6 shows a cross-section through the chain groove in the circumference part of the circular disk along the line C-C in Figure 2 and Figure 7 shows a cross-section through the chain groove with driving links in the circumference part of the circular disk along the line D-D in Figure 2. Figure 8 is a view similar to Figure 1 showing that the chain extends 360 degrees around the disc.
